

## CONTENTS

13th Conference of the European Society of Biomechanics .....	12-12
The tenth jubilee of the All-Russian school-conference of students and young scientists «Mathematical Modeling in Natural Sciences».....	13-13
E.Y. Simanovskaya, M.Ph. Bolotova, Y.I. Nyashin (Perm, Russia). Mechanical pressure as generator of growth, development and formation of the dentofacial system .....	14-17
S.M. Bauer, A.A. Romanova, A.L. Smirnov (Saint-Petersburg, Russia). On formulation of the problem on deformation of the lamina cribrosa.....	18-22
O.V. Svetlova, N.V. Zinovieva, I.S. Krylova, I.N. Koshitz, B.A. Smolnikov, E.M. Fyodorova, K.E. Kotliarb (Saint-Petersburg, Russia, Munich, Germany). Elaboration of the conception of the biomechanical model of the aqueous intraocular outflow .....	23-29
Yu.L. Protsenko, A.V. Kobelev, R.M. Kobeleva, S.M. Routkevich (Ekaterinburg, Russia). The steady-state property 'force–deformation' for passive myocardium.....	30-40
V.V. Shadrin, A.V. Teplikov (Perm, Russia). Handling characteristics of surgical threads .....	41-50
S.S. Wakista, S.V. Shilko (Gomel, Belarus). Disturbance of mobility in vertebral column with spinal neurotrauma.....	51-54
T.I. Subbotina, A.A. Yashin (Tula, Russia). Evolutionary memory of living matter in the context of extremely high frequency exposure of an organism.....	55-69
