

## CONTENTS

1. Russian Biomechanics Conference - 1999 ..... 1-4
2. Perm Scientific and Industrial Association "BIOMED" - 100 years .....5-10
3. M.A.Osipenko, Y.I.Nyashin, R.N.Rudakov (Russia). A problem with the unilateral constraints in the theory of bending of foot prosthesis .....11-19
4. J. Vossoughi, A. Tözeren (USA). Determination of an effective shear modulus of aorta .....20-35
5. M.L.Jones, J.Middleton, J.Hickman, C.Volp, J.Knox.(Great Britain). The development of a validated model of orthodontic movement of the maxillary central incisor in the human subject .....36-44
6. J.F.Stoltz, R.J.Rasia, J.R.Valverde, I.Pla (France, Argentine). Rheological characterization of the dissociation of erythrocyte agglutinates induced by lectins .....45-52
7. Y.V.Akulich, R.M.Podgayets (Russia). The phenomenological model of adaptable adult spongy bone tissue .....53-57
8. R.A.Vasin, I.M.Bakusov, R.V.Nasyrov, V.V.Malkhanov (Russia). Method of functional biomechanical tests .....58-63
9. O.I.Dudar, G.I.Rogozhnikov, E.V.Suvorina, V.L.Sochnev, N.S.Shabrykina (Russia). Optimal design of metal-ceramic dental crowns .....64-70
10. I.I.Demidova (Russia). Photoelasticity and stomatology .....71-80
11. Y.V.Kalachnikov, Y.I.Nyashin, R.O.Saratchev (Russia). Dynamics of a gymnast's touchdown on elasto-plastic mats .....81-88
12. R.N.Rudakov, A.R.Podgayets (Russia). Mechanics of a ski jump ..... 89-97
