

CONTENTS

<i>E. Pleshkova</i>	
Sustainable Perm.....	6
<i>E. Kuznetsova, L. Sosnovskikh, T. Sheptukha</i>	
Ensuring accessible environment for children with limited look for these great additions health	15
<i>K.V. Golubev, K.A. Fedotov</i>	
The problems of the use of new technologies of low-rise housing construction.....	23
<i>G. Kashevarova, A. Pepeljaev, A. Martirosyan</i>	
Evaluation of the mechanical safety of designed brick building in the flooded zone	31
<i>R. Sevastianov, Y. Kurbatov</i>	
Models of damage accumulation in building materials under unsteady thermomechanical effect	44
<i>A.A. Bykov, A.V. Kalugin</i>	
Features of FRP strengthening concrete flexural structures	54
<i>M.Y. Ovsyannikov, S.G. Kuznetsova</i>	
Determination of the vertical offset of bearing for technical support safety double-span beam on elastic bearings	73
<i>O.A. Makovetsky, D.K. Serebrennikova</i>	
Assessment of prospects of development underground space of megalopolises.....	78
<i>I.V. Galyshkin, G.S. Arzamasova</i>	
Analysis of waste management at Krasnokamsk paper mill	91
<i>L. Rudakova, E. Kalinina, M. Akhmadiev, A. Zubaydullin, T. Sangadzhieva</i>	
Substantiation of the methods of use of liquid domestic waste on regional level	104
<i>G. Ilinykh</i>	
Evaluation of MSW thermotechnical properties based on its composition.....	125
<i>Y. Vaisman, V. Korotaev, D. Borisov, Y. Bazileva</i>	
Prospects for using of the researching centre for optical-mechanical sorting of waste for recovery the energy potential of MSW	138
<i>A.S. Baranova, M. S. Muftiyeva, A.A. Klimov, I.S. Glushankova</i>	
Technical solutions of modernization of system of the sewerage of storm sewage of machine-building enterprise with creation of local filtrational and sorption treatment facilities.....	147
<i>G. Batrakova, I. Tashkinova</i>	
Tasks of geo-environmental survey of contaminated areas for substantiation of their decontamination and reclaiming way	158
<i>T. Beloglazova</i>	
Development of gas distribution networks schemes according to cost	172
