

CONTENTS

<i>O. Blagodeteleva</i>	
Evolution and trends of development of settlement in the north areas (on the example of the USA, Canada and Russia).....	5
<i>Zh. Sivokhip</i>	
Geospatial specific of territorial systems settled in transboundary basin of the Ural river.....	26
<i>A. Kiteleva</i>	
Opportunities of urban regeneration in post-soviet space of Russian megacities	39
<i>E. Emelyanova, N. Goroshko, O. Mishutina</i>	
The River Eltsovka-1 as one of the defining hydrological elements of ecological framework of Novosibirsk	55
<i>E. Krasnov, S. Semenov, N. Mikhailov</i>	
The accuracy of the information about the intensity of traffic and the reliability of the solution of engineering problems	72
<i>M. Boyarshinov, I. Boyarshinova, I. Potapova, T. Ismagilov</i>	
Optimization of a traffic light working cycle at a controlled intersection	85
<i>I. Tonkov, Yu. Tonkov</i>	
Actual problems of the technical condition assessment of construction structures	94
<i>Ju. Vedernikova, L. Samochkova, A. Alekseev</i>	
Risk assessment problem at the task of supply selection in civil engineering	105
<i>D. Semenov, O. Petreneva</i>	
Reconstruction of housing urban and evaluating its effectiveness (by the example of city Perm)	120
<i>R. Urmancheev, Y. Yazev, O. Petreneva</i>	
Concept development of efficient use of the development land by the case of autocenter building	130
<i>E. Shchetkova, G. Kashevarova</i>	
Investigation of modified fine-grained decorative concrete	143
<i>D. Oshchepkov, T. Bochkareva</i>	
Analysis of existing foundation mattress of building and structures	152
<i>S. Vorontsova, M. Zueva, A. Semin, O. Zverev</i>	
Methods and devices for fight with frosts and icicles	163
<i>E. Pankova, G. Batrakova</i>	
Evaluation of noise exposure influence from traffic on the environmental comfort of the university campus	180
<i>A. Pogorelov, D. Lipilin</i>	
Green spaces of the Krasnodar city. Evaluation and multi-year changes	192
