

CONTENTS

<i>Yu. Belonogova, A. Oshchepkova, V. Stolbov</i>	
Efficient municipal solid waste management as one of the most important directions of solving environmental problems of a territory (by the example of Tver region).....	5
<i>N. Sliusar, V. Korotaev, Y. Kulikova</i>	
Visual monitoring of waste disposal sites with the use of unmanned aerial vehicles	25
<i>E. Kalinina, I. Glushankova, D. Sabirov</i>	
Sorbent for the purification of water from oil based on soda sludge	37
<i>O. Ruchkinova, K. Karelina</i>	
The use of ferruginous sludge of mine water treatment plants	50
<i>A. Blackburn, O. Kalinihin</i>	
Spatial clustering of natural nuclei of a local econet based on their migration potential	62
<i>V. Alekseev, V. Usoltsev, S. Yuran, N. Devyatov</i>	
The use of interpolation control of emissions of technogenic and anthropogenic origin within the urbanized territories.....	80
<i>A. Ananko, O. Bakhireva, E. Farberova, L. Pan</i>	
Development of a biosorption method of purification of natural water from strontium ions	92
<i>E. Belik</i>	
Evaluation of the efficiency of application of oil biocorbent in the technology of biological purification of water and soil	104
<i>V. Petrov, Y. Balitsky, D. Khannanov, M. Shumilova</i>	
Study of soil contamination by used chemical current sources	115
<i>E. Menshikova, V. Zhdakaev</i>	
Environmental condition of ground in urban territories of the Perm region.....	124
