

CONTENTS

<i>T.S. Yarmosh, I.D. Mikhailova</i> The socio-cultural landscape design.....	5
<i>I.P. Mironov, T.A. Belozerova</i> Application of competence-based approach in training bachelors of technical higher education institutions within the framework of the career-oriented project.....	17
<i>V.A. Senchenko, S.A. Karaush, T.T. Kaverzneva, V.S. Serdyuk</i> The technical support of safety of works on height with the building and repair of the airlines of communications and electric power lines.....	27
<i>A.A. Sagyndykov, Zh.B. Alimbaeva, K.Sh. Zhylyysbaev, E.A. Abutalipov</i> Strength and thermal conductivity of highly porous gas-ceramic materials.....	37
<i>B.A. Bondarev; I.A. Sedykh; A.M. Smetannikova</i> Estimation of the transport-operational condition of structural elements of the carriageway of bridge constructions using neighborhood models	47
<i>A.I. Polyschyk, S.S. Nuikin</i> Experimental research of effort indentation of prefabricated reinforced concrete piles in clay souls.....	58
<i>D. A. Cherniavsky</i> Assessment of the influence of the strength characteristics of clay soils on the bearing capacity of single conical CFA piles	69
<i>A.M. Shiranov, A.L. Nevzorov</i> Physical modeling of a reinforced sand base of the foundation	80
<i>L.Yu. Levin, M.A. Semin, O.A. Plekhov</i> Comparative analysis of existing methods for calculating frozen wall thickness for mine shafts under construction.....	93
<i>L.Yu. Levin, Yu.A. Klyukin, M.D. Popov</i> Comparative analysis of thermophysical properties of water and propylene glycol as coolants for air conditioning systems	104
<i>S.V. Kaloshina, M.I. Kudasheva, D.G. Zolotozubov</i> Study of the impact of trench development on the additional settlement of the existing building	115
